Allegheny Plastics
Attn: Michael Witenski
1224 Freedom Road
Cranberry Township, PA 16066

This letter is being sent to several of the parties who have received General Notice letters informing them that the United States Environmental Protection Agency (U.S. EPA) had determined that they might be potentially responsible parties at the Chemical Recovery Systems Site (Site) in Elyria, Ohio. After a review of available information, including information which you supplied to the Agency, U.S. EPA has determined that the company you represent may not be a potentially responsible party (PRP) at the Site. Therefore, at this time U.S. EPA will delete Allegheny Plastics from the PRP mailing list for the site. By copy of this letter, we are notifying representatives of the organized PRP groups of this decision.

Please do not hesitate to contact me at 312-886-0552 or by email at nash.thomas@epa.gov, if you have any questions regarding this matter.

Sincerely yours,

Thomas C. Nash
Associate Regional Counsel
